THE OPEN NEUROLOGY JOURNAL

ISSN: 1874-205X

The Open Neurology Journal is an open-access journal that publishes high quality research articles, reviews/mini-reviews, letters and guest-edited single-topic issues in all important areas of neurology and neurological disorders. The scope of the journal includes:

- Neurological progress
- Stem cell applications
- Neuroradiology
- Neuropharmacology
- Neurological and psychiatric therapies
- Biomathematical models
- Molecular neuroscience
- Neurochemistry

The Open Neurology Journal, a peer-reviewed journal, is an important and reliable source of current information on important developments in the field. Emphasis is placed on publishing quality papers, making them freely available to researchers worldwide.

The Open Neurology Journal is an international, peer-reviewed, open-access journal covering all aspects of neurology published continuously by Bentham Open.
